Subject: RE: One Health WG call (3/29) - meeting materials

Dear One Health Work Group,

Thank you very much for participating in the work group call last week. Staff has written call notes (see attached) for you to review, especially for members who were unable to join the call.

Please continue to think about our discussion on core competencies and possible work group products, and send any proposed topics to Jonna and me. Also, if you are interested in providing feedback for the Forum on Microbial Threats' upcoming workshop on "Combating Antimicrobial Resistance: A One Health Approach to a Global Threat," please let me know and I will share the preliminary draft agenda with those who are interested.

If you have any questions or concerns, please do not hesitate to contact both Jonna and me.

Thank you again!

Best regards,
Ayano
